

OUR LATEST DESIGNS - PROVINCIAL & CONQUEST

Designed to suit modern square edged coping

At the forefront of swimming pool design, the Provincial & Conquest offer the desirable look of concrete in a fibreglass form.

With a squarer radius than many other fibreglass pools, the Provincial & Conquest can be fitted with contemporary, square-edge coping to achieve a modern look previously only available in concrete.

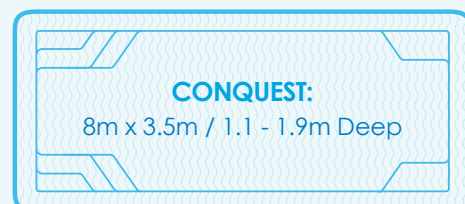

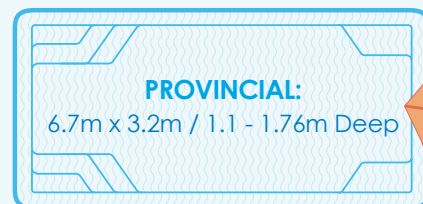

The Provincial & Conquest offer plenty of room for swimming and recreation. This is achieved through unobtrusive side-entry steps, corner safety swim-outs and a generous depth.

For the very latest geometric fibreglass pool with the sleek and impressive look of concrete, look no further than the Provincial & Conquest.

Available in Sapphire Pools extensive range of surface finishes including new Pool ColourGuard™ - for colour that will not fade!
