

The Contemporary Range

Reflecting the modern, fashionable character of these pools, the Contemporary Range was created to complement today's latest architectural styles. With three sizes available, the versatility of this range means there is the perfect model for any outdoor area.

Design Features:

- Wide entry steps offering an entrance point to both the shallow and deep end
- Extra large second step providing the perfect seating area
- Safety ledge, ideal for children learning to swim
- Deep end swim out

All quoted dimensions are internal to the waterline.
