SAPPHIRE'S SUPERIOR  
POOL RANGE

# THE SAPPHIRE POOLS DIFFERENCE

# ENJOY OUR SUPERIOR QUALITY

**CONGRATULATIONS!** You have taken the first step towards enjoying many SUPER summers with your family in a Sapphire Pool!

Here at Sapphire Pools, creating happy family memories is our goal. Since 1970, we have provided swimming pools to thousands of WA homes with one mission in mind, bring "fun-in-the-sun" to WA families by offering SUPER pools at SUPER affordable prices.

We offer an extensive range of 28 fibreglass swimming pool models from traditional kidney shaped pools to modern geometric designs for smaller backyards.

So for a SUPER pool from a SUPER team, look no further than Sapphire Pools.

## FADE RESISTANCE

Available with Pool ColourGuard® surface technology, which resists the effects of UV rays and chemicals, providing fade-resistant surface protection.

## QUALITY ASSURED

Certified to build to AS/NZS 1838:2021 BMP No 520101. We are measured and tested by an authorised, independent auditor. Anyone can say they build to the Standard. For your peace of mind always ask for a license number.

## LIFETIME WARRANTY

Extended Lifetime Structural Warranty - our commitment to providing extended warranties above those standard in the SPASA contract.

## ANTI-MICROBIAL PROTECTION

Microtech Anti-Microbial Pool Protection guards the pool's surface against the growth of bacteria, making it exceptionally hygienic and safer for your family.

## SUPERIOR STRENGTH

Full sized structural ribs, fully supported steps and bench seating and a wider edge beam mean the pool is independently structural and eliminate the need for secondary engineering works. New high strength, corrosion resistant fibreglass produces a stronger, stiffer pool – pools are up to 20% stronger.

## SUPERIOR MATERIALS

All pools are manufactured using new generation, high performance, corrosion resistant, eco-friendly fibreglass with improved strength and stiffness. Our onsite gelcoat manufacturing facility means daily batching of materials for a better product. Only specialty materials are used – no general purpose products.

## MADE IN WA

All pools are individually made to order, to suit local conditions, at our Jandakot manufacturing facility, the largest and most technologically advanced pool production premises in WA.

## STEP REINFORCEMENT

## SAFETY LEDGE

## SUPER SAFETY

We also offer an exclusive safety range of swimming pools with a unique safety ledge, available in a selection of sizes to suit your needs. Ideal for families with young children or situations where adults need extra safety in the pool, the safety ledge also has the added advantage of giving the pool increased structural integrity.

Our safety ledge is available on the Regal, Imperial, Grandeur, Aspen, Regency, Royale, Dynasty, Duchess, Duke, Chateau, Windsor, Westminster, Kensington and Princeton models.

Every Sapphire pool is constructed using advanced manufacturing techniques and specialised high performance materials.

The durable six layer system has been developed from unique ground-breaking technology that protects the pool's surface from within by providing a barrier against the damaging effects of pool chemicals and ultra-violet light. This improves impact resistance and thermal insulation providing maximum strength and rigidity. The result is a strong pool and vibrant colour that lasts.

**LAYER 1** Patented clear gelcoat - acts like sunscreen for your pool

**LAYER 2** Patented colour layer - colours that last longer and act as a corrosion barrier to prevent osmosis

**LAYER 3** First structural layer and second chemical resistant layer - double protection

**LAYER 4** Graphene structural composite layer - stronger and stiffer

**LAYER 5** Graphene structural composite over reinforcing formers creating increased strength and stiffness

**LAYER 6** Graphene infused ceramic composite outer membrane

Vinyl ester resin is used in all layers except the clear gelcoat layer in contact with the water.

Each vital layer in the system is individually adhered to the next using a **Matched Lamination System**. This sophisticated method ensures maximum bond and prevents gradual separation of the pools layers, known as de-lamination. This is the reason why we can give you a lifetime structural warranty on your pool.

\*Excludes safety ledge

# GROUND-BREAKING TECHNOLOGY

Now infused in every Sapphire pool, Graphene Nano-Tech is the latest advancement in swimming pool construction, incorporating graphene nano technology in the production process to bring you the strongest fibreglass pools available today.

Graphene is 200 times stronger than steel and stronger than titanium, so it's no wonder our pools are stronger than ever before. Used in swimming pools, graphene nano technology improves the qualities of the fibreglass laminates, providing the following benefits:

## SUPERIOR STRENGTH

- 30% stronger than before
- Increased strength and rigidity of the pool's layers
- Increased impact and flexural strength

## LIGHTER IN WEIGHT

- Graphene is extremely light, giving our pools superior strength without added weight.
- Pools are stronger without being heavier
- Lighter for transport and crane lifts

## SUPERIOR RESISTANCE

- Pools with Graphene Nano-Tech have a higher resistance to water and moisture transpiration
- Higher resistance to the effects of chemicals
- Increased laminate durability
- Improved corrosion barrier

A pool with Graphene Nano-Tech is built like no other and is the next generation of fibreglass pool technology.

# AWARD WINNING POOLS

**THE PROOF** of our commitment to quality is in the number of industry awards that we have received over the years. Our trophy cabinet includes many local awards from the Swimming Pool and Spa Association (SPASA) of Western Australia.

We are also proud to have received National SPASA Awards of Excellence and have even been awarded gold by the international Association of Pool and Spa Professionals (APSP).

Take a browse through our trophy cabinet and you will notice the following logos in recognition of our dedication to building the very best swimming pools available.

**POOL & HOT TUB ALLIANCE (PHTA)**  
INTERNATIONAL AWARDS OF EXCELLENCE

The PHTA International Awards of Excellence rewards pools which showcase the most beautiful and creative work in the industry. Many hundreds of entries are received each year representing members from around the world.

**SWIMMING POOL & SPA ASSOCIATION (SPASA)**  
STATE & NATIONAL AWARDS OF EXCELLENCE

SPASA is the peak representative body for the swimming pool and spa industry of Australia. Each year the local state division, SPASA WA, pays tribute to the best pools and spas created right here in Western Australia.

This is followed by the National SPASA Awards where winning projects from each state are judged together to determine the most innovative and inspiring pools and spas in the country.

**STATE GOLD**  
Innovative Product

# OUR SUPERB RANGE

**BROWSE** our extensive range of 26 award-winning fibreglass swimming pools - we are confident you will find a design to suit your family's needs.

EMPIRE

SOVEREIGN

PRINCETON

The perfect small space pool with wide entry steps, corner swim-out and a safety ledge which is great for kids learning to swim

**VAIL**  
2.2m x 1.8m  
Depth 1.0m

All quoted dimensions are approximate and internal to the waterline.

## ROYALE

Includes a wide bench seat and children's safety ledge.

## THE FINISHING TOUCHES

There are many options you may like to consider with your new Sapphire swimming pool. Many of these items can provide the finishing touch to your family entertainment area. Ask one of our friendly and skilled Sales and Design Consultants to discuss in more detail any of the below options:

- Headers and Paving
- Fencing
- Water Features
- Heat Pumps
- Synthetic Turf
- Automatic Pool Cleaners
- Retaining Walls

## MALIBU

Great shallow paddling area for kids, at only 350mm deep.

Size: 2.2m long x 1.8m wide

**MALIBU**  
2.2m x 1.8m  
Depth 0.35m

## AQUA LEDGE

175mm depth is shallow enough for the kids to splash around or create the perfect relaxation zone.

Size: 4m long x 2m wide
